

A Message from the Mayor

Thank you for volunteering for the Corporation of Delta's Adopt-A-Street Program. Delta is a beautiful and desirable community in which to live and thanks to you it will be cleaner and even more attractive.

The Adopt-A-Street Program works by having volunteer groups adopt a section of road, agreeing to keep it free of litter. Volunteer groups such as community groups, schools, businesses, and others, work under the guidance of the Adopt-A-Street Coordinator with our Engineering Operations Division.

Information kits, safety guidelines and safety apparel are provided to participants to promote safety and pride. In addition, Delta will recognize your efforts by installing signs on your adopted street identifying your group.

Again, thank you for participating in Delta's Adopt-A-Street Program. It's a great way to show your civic pride in the community.

Sincerely,

Lois E. Jackson
Mayor
