

## THE CORPORATION OF DELTA

From the office of:

The Mayor,  
Lois E. Jackson

June 24, 2008

Mark Cheng, Superintendent  
Noise Abatement & Air Quality  
Vancouver International Airport Authority  
P.O. Box 23750, Airport Postal Outlet  
Richmond, BC V7B 1Y7

Dear Mr. Cheng,

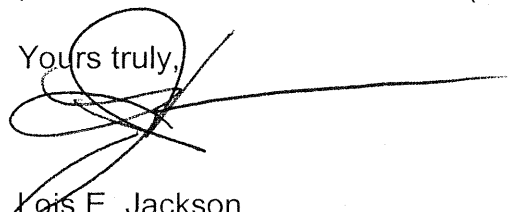

### Re: Noise Monitoring Terminals in Delta

At its June 16, 2008 Regular Meeting, Delta Council endorsed a staff recommendation to support YVR installing a noise monitoring terminal at an appropriate location in Tsawwassen. In the YVR presentation delivered that evening, you identified Beach Grove Elementary School and South Park Elementary School as two possible locations for the third noise monitor terminal. The Corporation of Delta will provide any assistance needed to coordinate the installation of the terminal at these or another suitable location. If you require School District contact information please let us know.

In addition to the Tsawwassen monitoring terminal, the Corporation of Delta would like YVR to consider the installation of a fourth terminal in East Ladner. This area also incurs a significant amount of air traffic and the municipality has experienced a number of noise complaints from Ladner residents.

Thank you in advance for your consideration. We look forward to working with you on this important project. If you have any questions or require assistance from the municipality, please contact John DuMont at (604) 946-3218 or Paula Kolisnek at (604) 952-3142.

Yours truly,

  
Lois E. Jackson  
Mayor
